

CITY DELIVERY BEGINS FOR THE MILL VILLAGES

SERVICE WILL BEGIN THIS MORNING—NOTICE RECEIVED YESTERDAY

TO BE EXTENDED NORTH ANDERSON

New Route for Brogon, Equinox, and Twine Mill Villages—Extension for N. Anderson

Beginning this morning the Brogon, Equinox and Twine mill villages, North Anderson and certain other sections of the city will have city carrier service. Postmaster Wm. Laughlin having received notice from the postoffice department in Washington, D. C., yesterday morning to have the service started at once.

This matter has been under consideration for some time and the service has been secured through the action of Congressman Wyatt Allen and Postmaster Laughlin. Mr. Allen has been very anxious for some time to have these sections served by the city delivery, and has kept working at it until it was finally decided. An inspector was in Anderson several weeks ago to look over the route.

Brogon, Equinox and the Twine mill villages are to be served by a new carrier which is to be added, while North Anderson will be served by the carrier on Route No. 1, this route being extended. Carrier L. M. Willford will serve the new route, No. 6, and Mr. J. L. Ferguson, carrier for No. 1, will serve North Anderson.

Route No. 6 will start at Prevost and Laney streets and after these are served the carrier will go to the eighth block of Whitner and Market, working all intervening streets and cross streets to the city limits. The carrier will then serve the Brogon, Equinox and Twine mill villages in the order named, and then serve the extensions of Blackley, West End avenue and Lee and Tribble streets. Route No. 1 is to be extended so as to serve all of North Anderson as far as Mr. John Linley's home.

Must Number Houses
According to the rules, all houses to be served by the city carriers must be numbered. Some of the houses on the new route and some of those to be served by the extension of No. 1 are already numbered, while others are not, and it is very important that this matter be attended to at once.

Receptacles for Mail
It is also very important that all those to be served by city carriers to have receptacles for the mail. Unless this is done, the department has

a right to discontinue the service, the carriers are also not required to leave the mail.

The installation of this new route and the extended service to North Anderson will doubtless be appreciated by the patrons, who will feel very kindly toward Congressman Allen for his untiring efforts to secure the service for them.

FIRE WRITERS AWAIT TEST SUIT EAGERLY

ARE HOPING FOR DECISION THAT WILL RELIEVE SITUATION

MEET OF AGENTS

Mr. Willett P. Sloan Says Plans for May Convention of Underwriters Made

Mr. Willett P. Sloan returned yesterday from Columbia, where, as member of the executive committee, he attended Saturday a meeting of the State Association of Fire Insurance Agents. Mr. Sloan said that while the insurance situation in South Carolina was discussed in a general way by the agents, plans for the state convention in May was the principal matter taken up, and this occupied almost the undivided attention of the committee. Arrangements were effected for the program of the association in the May convention. Mr. Sloan said, and this was put into very satisfactory shape.

"While the agents are taking an active part in the pending suit to test the constitutionality of the Laney-Odom insurance act, they are eagerly awaiting the outcome of efforts being made by the committee of business men appointed at the recent meeting in Columbia and empowered to make a test of the law," Mr. Sloan said. Mr. Sloan further stated that the case would likely reach the supreme court within the next few weeks, and that the agents are anticipating some decision that will in a degree clear the situation.

TEACHERS EXAMINATION

The next regular teachers' examination will be held on Friday, May 5, at which time all those who wish to take the examination must be present at 9 a. m.

ANDERSON ATTORNEYS REPRESENTED HEIRS

CAPT. H. H. WATKINS AND MR. T. FRANK WATKINS ARE IN AUGUSTA

THE SMITH CASE

Was Taken Up in Federal Court There Yesterday Morning—Over \$3,000,000

Capt. H. H. Watkins and Mr. T. Frank Watkins, members of the local bar, were in Augusta Monday where they represented Anderson county claimants to shares of the fortune of the late Col. Jim Smith, the Georgia multi-millionaire, when the case was called in federal court yesterday morning.

The hearing yesterday was held for the purpose of allowing what has been termed the Georgia heirs to show cause why a permanent receiver should not be appointed and why the temporary restraining order against the administrators should not be made permanent. The case involves some \$3,000,000.

It is said that the heirs to the Smith property now run up into the hundreds, and that scores of lawyers represent them.

NATIONAL FLAG DAY OBSERVED APRIL 8TH

TO RAISE MONEY FOR RELIEF OF DESTITUTE BELGIANS

RECEIVES A LETTER

Mayor Issues Proclamation Calling Attention of Andersonians to Need of Relief

Mayor Godfrey has received a letter from the chairman of the Commission for Relief in Belgium asking that he use his influence in securing funds for the relief of the sufferers. The National Society of the Daughters of the American Revolution comprising approximately 1500 chapters and nearly 100,000 members, in cooperation with the Commission for Relief in Belgium, have consented to celebrate King Albert's birthday, April 8th, as a National Flag Day by the distribution of 10,000,000 tags to be sold at a minimum of 7 cents each, the cost of feeding one destitute person one day.

After receiving this letter yesterday the following proclamation was issued:

PROCLAMATION

Mayor's Office

Whereas, The Commission for Relief in Belgium, through its National committee named by President Wilson, states that the need for food and clothing for the 3,000,000 destitute in the war occupied zones of Belgium and Northern France continues;

Whereas, The National Society of the Daughters of the American Revolution in co-operation with the commission for relief in Belgium, have agreed to celebrate April 8th as a national "flag (tag) day" in commemoration of King Albert's Birthday, and

Whereas, the great humanitarian work of this commission is strictly neutral, being approved by the civil and military authorities of the belligerent powers.

I, J. H. Godfrey, mayor of Anderson, therefore urgently request that all of our citizens respond liberally to this appeal, so that we may do our share in relieving the dire distress of the helpless and innocent victims of way across the seas.

(Signed) J. H. Godfrey,
April 3, 1916.

GAMBLERS ARRESTED

Sheriff Ashley and Deputies Surprised Party Sunday.

Sheriff Ashley and Deputy Sheriff Sanders and Williams surprised a party of gamblers Sunday afternoon in the woods below Mr. J. M. McGowan's. There were seven young men engaged in the game. They gave bond.

To Deliver Lecture.

Dr. W. H. Frazer will deliver his humorous lecture on the "African Negro" at Neal's Creek school, Saturday night at eight o'clock. There will be no admission. Come and bring your friends, as an evening entertainment is in store for those present. Those who have heard Dr. Frazer will want to hear him again.

MAYOR ISSUES CLEAN UP PROCLAMATION

CITY COUNCIL WILL CO-OPERATE WITH CHAMBER OF COMMERCE

A N OPPORTUNITY

For Every Citizen to Show His Personal and Civic Pride in Anderson

Preparations underway evidence the fact that Anderson will have a more thorough Clean Up Week this spring than ever before, beginning April 17 and going through April 22. The civic committee of chamber of commerce met last week and outlined the campaign which will be started within the next few days.

Proclamation
The following proclamation has been issued by Mayor Godfrey relative to Clean Up Week, which is from April 17 through April 22:

"The City of Anderson, acting together with the Anderson Chamber of Commerce and other associations, has designated the week of April 17 to April 22 (inclusive) as the 'Clean Up and Paint Up' week for Anderson."

"During this week every citizen of Anderson should make an effort to clean up his house and property so as to avoid fire risk, to clean up his front and back yard, to paint his premises if necessary, to abolish all places that might breed flies and mosquitoes, to eliminate weeds, and to help clean vacant lots."

"Citizens should not put their rubbish on the sidewalk or street, but in some kind of receptacle—a box, can or bag or place same in piles in spots accessible to the city wagons. The street department will furnish men and teams to collect all such. If all such refuse is placed in such a manner so that it can be easily loaded and carted away, Anderson will be readily cleaned."

"This is an opportunity for every citizen not only to show his personal pride, but also his civic pride. Anderson is known as the 'City Beautiful' and we should all endeavor to make it more so. No city is attractive if it is dirty and littered up. All should be willing to cooperate in cleaning up not only their own premises, but in helping to clean up the premises of others where help is necessary."

"Let us all work together to clean up and paint up Anderson during the week of April 17 through April 22, and then keep it that way throughout the entire year and years to come. Let us plant grass and flowers. Let us not only make Anderson clean, but more beautiful. The result will be cleaner, healthier, happier and more attractive city."

(J. H. Godfrey, Mayor.)

DEATHS

THOMAS MARION KING

Well Known Farmer of Hopewell Section Is Dead.

Mr. Thos. Marion King, one of the most substantial citizens of Anderson county, died at his home in the Hopewell section Saturday afternoon at 6 o'clock. He was 62 years of age and had been ill about six years, due to a stroke of paralysis.

Mr. King was born and reared and spent all of his life in the Hopewell section. He was a farmer and a successful one. Early in life he married Miss Alice Jolly, who with two daughters, Mrs. N. C. Duenworth and Miss May King, and four sons, Messrs. J. C. Carl, Broadus and Ralph King all of the Hopewell section, survive him. He is also survived by one brother, Mr. C. C. King, of the Hopewell section, and two sisters Mrs. Mary McConnell of Hartwell, Ga., and Mrs. Ann Melton of the Hopewell section.

Mr. King was a prominent Mason, being a life member of Hiram lodge, A. F. M. of this city. He was also a member of the Hopewell Baptist church, where the funeral services were held Sunday afternoon at 2:30 o'clock being conducted by the Rev. O. L. Martin.

Mr. King stood for what was right and just and enjoyed the confidence and esteem of all the people of his acquaintance. He had many warm friends throughout the county, who respected his opinions, and who will regret to learn of his death.

DIED IN GREENVILLE

J. W. Harrison Formerly Lived in Anderson

News was received in the city yesterday of the death in Greenville of Mr. J. W. Harrison, a pharmacist, who formerly worked in Anderson, and who is a brother-in-law of Miss Leona Donald, teacher in the city schools. Mr. Harrison was about 35 years of age, and died from pneumonia. His wife, who was Miss Sara Donald of Piedmont, and three children survive. Funeral services will be held in Greenville this afternoon.

Electrical News

Published By Southern Public Utilities Company

NATIONAL
MAZDA
THE QUALITY
LAMP

VOL. II.

ANDERSON, S. C., TUESDAY, APRIL 4, 1916.

NUMBER 11

MARCONI GRAMS

"Do it Electrically" has a greater significance in Anderson today than ever before.

The best always stands out with clearness and shows how good it is. This is true of Mazda lamps. There is no better medium of illumination. The best light at the least cost.

Many electrical devices, owing to the fact that they can be operated at considerable less cost than when they were bought few years ago, are brought into daily use in numbers of homes.

What is more strengthening or refreshing than a fragrant, steaming cup of delicious, hot coffee? And what is more satisfactory than making your own coffee, on your own table in a clean, shiny Percolator? No musing—no hot stove. Just the joy of brewing a delightful, appetizing beverage with electricity.

There seems to be a growing demand for Utility Electric Table Stoves, and it is not at all surprising. The first cost is only \$7.50 and to operate one costs no more than to operate an electric iron. It may be used on the dining table to do any kind of cooking—frying, boiling, toasting, etc. It is beautifully finished, practical in every way.

ELECTRIC COOKING

Few Utensils For Every Family Advisable.

For large families, where the average domestic help is employed and a large amount of cooking done, Electric cooking will be found more expensive, and in most cases, not advisable.

In small families, where no help is employed and where nice equipment is desired, electric cooking will be found many times more convenient, more safe in operation as well as reasonable in cost.

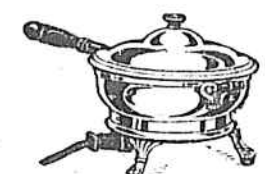

In every family, a few utensils for early breakfast, emergency and special uses—and for cheering up cold meals with a warm dish or two—is highly advisable from every standpoint, including that of economy alone.

Chafing Dishes

With An Alcohol Lamp

you must fill the lamp, adjust the wick, strike a match, and be very careful not to spill alcohol on the table top.

With Electricity

you insert the plug and turn the switch.

When this is done you can devote all your attention to the recipe.

At a very small expense we can convert your old alcohol chafing dish into an electric. Phone us about this.
